# Community Outreach Partnership

## Collaboration with those who serve our Veterans

My name is Shenetria Moore and I am a proud United States Army Veteran, a dependent of Veterans and a sibling of a brother who is buried in Canton, Georgia. I graduated high school in Garlstedt, Germany and I joined ROTC in college to assist with my school. I served during Operation Desert Storm as a 91A which is a medical specialist. I appreciate my military background as it has taught me about mental toughness and along with my faith has help framed the woman I am today. While serving the Veteran community for the last 11 years, I was able to uncover two major concerns which where communication and not being able to access updated information without being bounced around rather they were in a facility or a community senior. I decided to do something about it and that is how All Things Veterans was established in 2023 as a resource tool for the Veterans to have or make things easily accessible to the Veteran and for the Veterans' family members. The testimonials have been remarkable! We have vendors at the event, a live panel discussion, a hot meal, door prizes and free giveaways. It is truly a Veterans' Field Day!

### *Lifetime Achievement Award*
